

Advanced Behavioural Adjustment Programme

What's included in this package...

After your initial enquiry, we will ensure this is the right programme for you, and leave you with anything that may need to be addressed immediately. A possible vet referral may be sought before training commences.

Our extensive questionnaire will then be sent to you. Please do not rush when filling this out, the more information that can be provided, the better that will be for our training.

A video/call appointment will then take place to discuss the questionnaire. This will last up to 60-minutes.

Five training sessions will then take place from your home or training area; however, the first one will be at your home.

Also included in this package is a step-by-step in-depth work booklet, for you to study and assist you through your training.

Finally, after each training session a write-up of the session will be sent to you, keeping you on track between sessions.

Aftercare throughout including completion of our training is free.

Total - 500

10 hours of trainer input & training (excluding check-ins & updates between session)
